## 2008 SUBSCRIPTION DRIVE

Dear Friends and Neighbors,

It's time for the Hepburn Twp. Volunteer Fire Co. Emergency Medical Service Division to ask for the support of our neighbors in **Hepburn and Lycoming Townships** during our annual Ambulance/EMS subscription drive. As volunteers, it is gratifying to know that our neighbors recognize and value the **high quality emergency services we provide for residents, businesses and visitors.**

Every member of HTVFC donates their time and stands ready to risk their personal safety to help our neighbors in need at any time of the day or night, with no monetary compensation. We are proud to be a **100% volunteer organization**, serving our community since 1953. The Fire Company has a core of **Emergency Medical Technicians and First Responders** who take pride in providing a recognized emergency medical response system for the community. These well-trained individuals have spent countless volunteer hours just being certified to respond and also in continuing education programs to keep them abreast of current, and new, practices.

**We rely on your support** as subscribers to help defray the costs of day-to-day operations, equipment maintenance and upgrades, and training. Your **tax-deductible** ambulance subscription not only gives you peace of mind that the high level of service you have come to expect and deserve will continue to be there when you or your loved ones need it most, but it also assures that you **will not be saddled with a large out-of-pocket expense for emergency care and transport** as a result of an injury or health condition.

Should you need to use our emergency ambulance service, HTVFC-EMS will submit a bill to your insurance provider. **If you are a subscriber, we will accept the payment made by your insurance provider as full payment and you will not be required to pay anything further.** With the rapidly rising cost of emergency services, this could potentially save you hundreds of dollars in out of pocket costs.

### We offer three subscription options:

**Individual - \$35 - Covers only one named person.**

**Family - \$55 - Covers all family members residing at the address.**

**Business - \$75 - Covers everyone on the premises.**

The volunteers of HTVFC-EMS **thank you for your continued support.** If you would like more information about us, or are interested in volunteering, contact us at 570-494-0411, select "mailbox for ambulance service," leave a message and someone will return your call. You may also visit our web site at [www.hepburnfire.com](http://www.hepburnfire.com) and click on the Emergency Medical Services link.

Sincerely,

*The Men and Women of Hepburn Twp. Volunteer Fire Co.  
Emergency Medical Service Division*
